

Library Action Group

There will be a meeting of people willing to create and operate the FH Community Library on the evening of 3 February at Carrington School. (Time yet to be arranged). Paula Buck, Head of the Library and Culture Department of the Bucks County Council or one of her team, will lead a workshop on the practicalities of running a Community Library. This will be followed by a discussion on the first things that need to be done and who is going to do them.

This will be an opportunity to meet with other people interested in being involved in managing the new library and / or being a community librarian.

Bucks County Council will be mailing information about the meeting to people who have registered an interest with Cllr Mike Appleyard. Cllr Appleyard is keen to recruit as many volunteers as possible who are willing to make a practical contribution. If you have not already registered with him please email him now mappleyard@buckscc.gov.uk . He will add you to his contact list.

Cllr Appleyard is very keen to help establish a Community Library in Flackwell Heath but he does not want to chair the Management Committee. Once the general policy is agreed and a committee / action group is established he would like someone else to chair the Committee and he will gladly serve as a Committee member.
